BILLING CODE 4410-01-M

Notice of Lodging of Consent Decree Pursuant to Clean Water Act

In accordance with United States Department of Justice policy, 28 CFR 50.7, notice is hereby given that a proposed consent decree in *United States of America v. Ike Parker, Jr., and Maumee Haulers, Inc.*, Case No. 91CV 7482 Carr, J. (N.D. Ohio.), was lodged with the United States District Court for the Northern District of Ohio, Western Division, on July 7, 1995.

The proposed consent decree addresses the defendants' violations of sections 301 and 404 of the Clean Water Act, 33 U.S.C. 1311 & 1344, by their discharges of fill material into approximately 13 acres of wetlands that are part of a 40.15 acre site (the "Site," more particularly described in the proposed consent decree), located in Lucas County, Ohio. The proposed consent decree requires the defendants to pay a \$1,000 civil penalty to the Treasury of the United States of America. The proposed consent decree also requires the defendants to transfer the Site to the State of Ohio (or to its nominee), which will exchange such property for other less-disturbed wetland property in the area, which the State will then restore and maintain in perpetuity as a wetlands nature preserve.

The Department of Justice will receive, for a period of thirty (30) days from the date this notice is published, written comments relating to the proposed consent decree. Comments should be addressed to the Assistant Attorney General, Environment and Natural Resources Division, United States Department of Justice, Attention: Martin F. McDermott, Environmental Defense Section, P.O. Box 23986, Washington, D.C. 20026-3986, and should refer to *United States v. Ike Parker, Jr., et al.*, DJ Reference No. 90-1-1-4001.

The proposed consent decree may be examined at the Clerk's Office, United States District Court, U.S. Courthouse, 1716 Spielbusch Avenue, Toledo, Ohio 43264, or may be obtained from Martin F. McDermott at the above address.

Letitia J. Grishaw,

Chief, Environmental Defense Section, United States Department of Justice, Environment and Natural Resources Division.

BILLING CODE 4410-01-M

DEPARTMENT OF LABOR

Employment Standards Administration

Wage and Hour Division

Minimum Wages for Federal and Federally Assisted Construction; General Wage Determination Decisions

General wage determination decisions of the Secretary of Labor are issued in accordance with applicable law and are based on the information obtained by the Department of Labor from its study of local wage conditions and data made available from other sources. They specify the basic hourly wage rates and fringe benefits which are determined to be prevailing for the described classes of laborers and mechanics employed on construction projects of a similar character and in the localities specified therein.

The determinations in these decisions of prevailing rates and fringe benefits have been made in accordance with 29 CFR Part 1, by authority of the Secretary of Labor pursuant to the provisions of the Davis-Bacon Act of March 3, 1931, as amended (46 Stat. 1494, as amended, 40 U.S.C. 276a) and of other Federal statutes referred to in 29 CFR Part 1, Appendix, as well as such additional statutes as may from time to time be enacted containing provisions for the payment of wages determined to be prevailing by the Secretary of Labor in accordance with the Davis-Bacon Act. The prevailing rates and fringe benefits determined in these decisions shall, in accordance with the provisions of the foregoing statutes, constitute the minimum wages payable on Federal and federally assisted construction projects to laborers and mechanics of the specified classes engaged on contract work of the character and in the localities described therein.

Good cause is hereby found for not utilizing notice and public comment procedure thereon prior to the issuance of these determinations as prescribed in 5 U.S.C. 553 and not providing for delay in the effective date as prescribed in that

section, because the necessity to issue current construction industry wage determinations frequently and in large volume causes procedures to be impractical and contrary to the public interest.

General wage determination decisions, and modifications and supersedes decisions thereto, contain no expiration dates and are effective from their date of notice in the **Federal Register**, or on the date written notice is received by the agency, whichever is earlier. These decisions are to be used in accordance with the provisions of 29 CFR Parts 1 and 5. Accordingly, the applicable decision, together with any modifications issued, must be made a part of every contract for performance of the described work within the geographic area indicated as required by an applicable Federal prevailing wage law and 29 CFR Part 5. The wage rates and fringe benefits, notice of which is published herein, and which are contained in the Government Printing Office (GPO) document entitled "General Wage Determinations Issued Under The Davis-Bacon And Related Acts," shall be the minimum paid by contractors and subcontractors to laborers and mechanics.

Any person, organization, or governmental agency having an interest in the rates determined as prevailing is encouraged to submit wage rate and fringe benefit information for consideration by the Department. Further information and self-explanatory forms for the purpose of submitting this data may be obtained by writing to the U.S. Department of Labor, Employment Standards Administration, Wage and Hour Division, Division of Wage Determinations, 200 Constitution Avenue, N.W., Room S-3014, Washington, D.C. 20210.

New General Wage Determination Decisions

The number of the decisions added to the Government Printing Office document entitled "General Wage Determination Issued Under the Davis-Bacon and related Acts" are listed by Volume and State:
